

# Bus Information

## Dear valued visitor to our website,

Travel Forever is a lot more than just a website. It is an Australian owned and operated travel agency, open to the public seven days a week. This website has been put together by the staff of Travel Forever who deal with hundreds of enquires every week regarding tours, bus tickets, train tickets and hire cars or campervans.

With so much face-to-face experience we have endeavoured to make a website that is easy to use, provides lots of information and takes the time out of searching the net for the best price.

Don't buy a bus pass from an agent that has not visited Australia and travelled by bus. At Travel Forever we often see travellers disappointed because their travel agent in their home country sold them a bus pass that was not suitable. Check out the passes we offer and ask us questions. We are a small team of experienced travel agents dedicated to making your visit both rewarding and inexpensive.

In a country as big as Australia it is essential that you organise how you wish to travel from one place to another. Unlike more populated continents such as Europe, America or Asia - where there is tremendous choice and competition for air, coach or train travel - these choices do not exist due to the sparse population.

Bus travel in Australia, when compared to air travel, offers the advantage of seeing the smaller towns in between the big cities.

Hop-on hop-off passes, and kilometre passes, allow the traveller the freedom to spend extra time in the places they enjoy and participate in the local activities such as sailing the Whitsunday Islands from Airlie Beach or a four wheel driving tour of Fraser Island from Hervey Bay. Many different passes exist so to ensure you get the one that suits you the best please provide us with as much information as possible.

When you ask us for a quote on a bus pass you are actually getting a response from an experienced Australian travel agent, rather than a machine, so you can ask questions and get the full picture before you purchase the pass - no hidden costs or surprises. Make it easy for us to make it easy for you.

To ensure you get the correct quote we simply require accurate information.

- Start date? (With some passes this is not essential).
- Starting point? Which town or city do you want to begin travelling from?
- Finishing date? (Again not essential with some bus passes).
- Finishing point? Which town or city do you wish to end your bus travel?
- Which places do you want to visit on the way?
- How long do you have to travel?

**Scroll down to next pages for bus passes. Should you require any further information do not hesitate to ask when you complete the booking/enquiry form on our website.**

## KILOMETRE PASSES

Choose your own itinerary, backtrack or stop as often as you like. Simply purchase your travel in kilometres – from 500 to 20,000 – and you can travel in any direction on the Greyhound national network to the distance purchased.

### How many kilometres will I need?

The kilometre grid (next page) indicates approximate distances between many popular destinations.

Simply select your departure and arrival location and follow the grid line until they meet in the middle e.g. Sydney to Cairns = 2,945km.

### How long is my pass valid?

Kilometre Passes 500 – 1,000kms are valid for 30 days from the first day of travel. Kilometre Passes 2,000 – 20,000kms are valid for 12 months from the first day of travel. You must commence travel within 12 months from the date you purchase your ticket.
