

Dear valued visitor to our website,

Travel Forever is a lot more than just a website. It is an Australian owned and operated travel agency, open to the public seven days a week. This website has been put together by the staff of Travel Forever who deal with hundreds of enquires every week regarding tours, bus tickets, train tickets and hire cars or campervans.

With so much face-to-face experience we have endeavoured to make a website that is easy to use, provides lots of information and takes the time out of searching the net for the best price.

In Australia there are dozens of car hire retailers. Some of them are big multinational brand names and some are small locally owned operations. Generally the daily rate doesn't vary dramatically between companies but the hidden costs do. At Travel Forever we have tried to offer you the most simple to understand car hire package at the best price.

- More than one person can drive the car. There are no extra driver fees.
- Each driver must simply be over 21 years old with a valid drivers license. There is no price variation for drivers over or under 25 years old.
- There is no minimum rental period.
- All cars come with unlimited kilometres. There is no maximum mileage.
- No one way fees between the major East Coast cities – Cairns, Brisbane, Sydney, Melbourne and Adelaide. (Minimum rental periods do apply for one way hires).

When you ask us for a quote on a vehicle you are actually getting a response from an experienced Australian travel agent, rather than a machine, so you can ask questions and get the full picture before you purchase - no hidden costs or surprises. Make it easy for us to make it easy for you.

To ensure you get the correct quote we simply require accurate information.

- Start date and pick-up time on that date?
- Starting point? Which town or city do you want to begin the hire from?
- Finishing date and drop-off time on that date?
- Finishing point? Which town or city do you wish to end your hire?
- How many people will be in the vehicle? Are there any children and what are their ages?
- How many people wish to drive the vehicle and do they have a valid license to drive a vehicle in Australia? International drivers license or local license?

Scroll down to next page for basic cars and rates. Should you require an alternative vehicle please do not hesitate to ask when you complete the car booking/enquiry form on our website.
