Navy Pier.....	\$165 - \$230

Day 1 : Perth to Kalbarri

Jump aboard as we head north to Nambung National Park and explore the fascinating formations of the Pinnacles Desert. Our journey continues along coastal roads passing by seaside fishing towns until we arrive at some local sand dunes. Get ready for an adrenaline hit! Sand-boarding will get your blood rushing. In the afternoon we pass through the major port of Geraldton, before reaching our overnight stop in the seaside resort town of Kalbarri. (LD) ↩

Day 2 : Kalbarri to Shark Bay

It's an early start this morning for a short drive to Murchison Gorge in the Kalbarri National Park. Here we explore Nature's Window and Z-Bend Gorge which is an exhilarating 150 metre descent into the heart of the gorge. Be rewarded with a swim in the tranquil water pools (seasonal). Feeling adventurous? Give abseiling a go (own expense). In the afternoon we head towards Monkey Mia and enter the Shark Bay World Heritage area. Along the way we stop at beautiful Shell Beach before reaching our overnight stop. (BLD) ↩

Day 3 : Shark Bay to Coral Bay

We hit the beach this morning and make our way to see the world famous Monkey Mia dolphins – have your camera ready for some great shots of these entrancing animals. From here, we head to Carnarvon with a stop at a banana plantation (time permitting). From Carnarvon we finish the day by driving the highway to Coral Bay, the Jewel of the North. (BLD) ↩

Day 4 : Coral Bay and Exmouth

It's time to explore! Spend today discovering the wonders of the Ningaloo Reef and its fantastic marine wildlife. Snorkelling, cruising on a glass-bottom boat, quad bike tours or a joy flight over the reef are just some of the ways you can check out this beautiful aquatic sanctuary (all at own expense). Late this afternoon we make the short trip to Exmouth. (BLD) ↩

Day 5 : Exmouth

Another day of freedom and relaxation! You can head underwater to go diving (optional) or we tour out to Cape Range National Park to explore, including great snorkelling and lazing on the beach at Turquoise Bay. (BL) (Note: Passengers on the 5 Day option depart tour this afternoon, overnight accommodation is not included.) ↩

Days 6-7 : Exmouth to Perth

We hit the road early to begin our trip back to Perth, staying overnight at Northbrook Farmstay for our last evening together. In the morning, it's a short trip to the Principality of Hutt River, where you'll be fascinated with Prince Leonard's story and why he seceded from Australia – a unique story! Bring your passport along to add another stamp! From here, our journey south towards Perth continues. Along the way we stop at Greenough Wildlife Park, which is home to a python breeding centre. Get friendly with a snake (and other native animals) if you're game! We arrive back in Perth in the late afternoon. (Day 6: BLD 🐍; Day 7: BL)

Included: Experienced guide, meals as indicated, dorm accommodation (or upgrade to backpacker twin/double/single), select accommodation pick ups and national park fees.

Note: Twin/Double/Single accommodation is subject to availability at time of booking.
