3 Days Survivor Island Adventure

HIGHLIGHTS:

Are you up to the challenge? Buckle up and leave the crowds behind as we fly you into your own tropical paradise, landing on the beach where you will be left for 3days/2nts to be a Survivor with only a handful of fellow thrill seekers and an array of native wildlife.

With only a camp supervisor to ensure the smooth running of the tour, there is no-one planning your stay or looking after you...

Try kayaking, explore caves, go fishing or crabbing with your local Aussie Bushman, sand board down 35m sand dunes into the water, zoom about in motorized boats, snorkel, find oysters, explore the natural wonders of this isolated island...or better still, just relax, lie back on the beach and do nothing!

At the end of a big day, what better way to relax than by watching the glorious sunset over the western side of the island whilst enjoying our famous Survivor camp fire stew! Spend the evening under the amazing stars, around the camp fire with new friends playing camp fire games and singing songs. This is the opportunity of a lifetime...and we guarantee you'll remember it!
