TOUR DETAILS AND ITINERARY

Journey on to Australia's most iconic waterfall Millaa Millaa Falls, made famous by Qantas and Herbal Essence (hair shampoo) commercials. This 18m single drop waterfall lies in the heart of the Wet Tropics World Heritage listed rainforest. For lunch, we will take you to Australia's largest timber pub and fill you with some good old fashioned country cooking. Then it's back into the waterfalls.

Mount Hypipamee, the Crater and Dinner Falls, WOW 3 great things in 1 location! Here you will have the opportunity to take a bush walk, swim behind a waterfall and gaze into an 85 meter deep volcanic crater and if that's not enough, we quite often see the local Cassowary here too.

As the afternoon starts to roll on, we head to the Curtain Fig Tree. Here 15 meter high tree roots tower above, like a 3 story building; keep your eyes peeled for the elusive Lumholtz Tree Kangaroo.

Just before our last swim spot, we will take you down to a quiet little creek to search for Platypus and then off to our last stop of the day at Lake Eacham.

Lake Eacham is a dormant Volcanic Crater lake filled with turtles and surrounded by wildlife. We'll watch the sunset over a truly spectacular day, having our last swim together and don't worry about getting cold, the water in here never changes temperature, 23 degrees all day all night.
