BOOKINGS TERMS AND CONDITIONS

All paperwork, safety briefing and gear-up must be completed. At the time of booking, validity of various package offers should be confirmed as SA reserve the right to change without notice. All bookings are given an 'Arrival/Check in' time only. Please note this is not a 'skydive' time. Whilst SA endeavour to complete an individual's tandem skydive within 4 hours of arrival, SA advise you to arrive with no time constraints – you should plan for this to be a whole day's activity. As safety is SA's main concern, factors such as wind, cloud, rain, thermal turbulence etc. and other factors such as air traffic can affect the time it takes to complete your skydive activity. Weather can change for better or worse in minutes, and you will be unable to skydive unless you are at SA's Drop Zone. Weather conditions and other unforeseen circumstances can also require SA to alter the altitude of the skydive. As aircraft are mechanical and periodically become unavailable, SA reserve the right to change aircraft type without notice. On occasion, these aircraft changes and Air Traffic Control (ATC) may require SA to change the required altitude and number of participants in a plane. Further, SA reserves the right to reschedule your skydive. Medical conditions which could affect your safety should be discussed with your doctor prior to your booking. No alcohol or "recreational" drugs are to be taken for at least 8 hours prior to arrival. Please advise SA if you are taking prescription medication. Minimum age is 12 years old and all minors must have a legal guardian present on the day of the tandem skydive. All persons are subject to Tandem Master assessment.

If only a portion of your video or photo product fails you will be issued with a refund for the balance of the amount paid less the value of the product actually received.
